This meeting was in regard to Mr. Wyffels request to remove a grinder station that runs under his driveway. At the meeting it was discussed that there was no benefit to the district to remove the station. Carlos Township owns the sewer, however, ALASD operates the system. A board of four townships make the decisions, In this case, all four townships were in favor of letting it happen. Mr. Wyffels has offered to pay for ½, however, Bruce Nelson said it would be breaking the law by giving him a gift. They contacted the Minnesota Association of Townships and they agreed with Mr. Nelson that this would be the case. This would be a gift and setting a precedence The Service Region will be meeting again next week. If Mr. Wyffels chooses to pay for it himself, the board will allow it.

Gary Swensrud called the clerk and asked what the outcome was for his request to have no parking signs placed at/on the curve/hill on East Lake Carlos Drive, directly off of County Road 42. He stated there are two residents who contract lawn mowing service and those vehicles are parked at or by the hill. He feels it is a matter of public safety, as a driver has to drive around the commercial vehicles and cannot see what is coming up or down the hill. The board directed the clerk to write a letter to the two residents and have them instruct their vendors to park in a better location.

Road Issues: The board has been getting calls on getting the ditches mowed. R&R will be contacted to perform the 2<sup>nd</sup> mowing.

There may have been a miscommunications between the township engineer and Bergen. The board will continue to investigate. Bill Krivanek will contact Jeff Stabnow to make sure the sealcoating is done in the correct place.

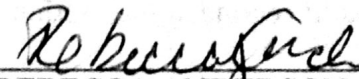

Tolena Road looks good. Tim Shoenhoven stated he sent out a statement, however, it had gone to the wrong address.

Going forward, the City of Carlos has chosen to hold their elections at their city hall, rather than inconjunction with the township at the Carlos Town Hall.
