~~Darwin Breckdahl who works with R&R was also attending the meeting with Dave Luedeke.~~  
The board discussed that mowing the sides of township roads will begin next week. Alden Just will work with R&R on the application of chloride. It was mentioned that if R&R finds thistles too far in, the operator should take a second pass if possible. Alden Just will spray the thistles on the outlet by Sailor Crossing.

Fire Hall: a committee has been formed by a group of residents that are looking into the building of a new fire hall. Per Steve Fenske, Minnesota Township Attorney, the JPA did not need to go to the people for a vote. If the township would be owning the building, then the board would have had to go to the people. It appears that the ballot indicated up to but not to exceed 5.7 million dollars. This would indicate the 3.5 million that was approved at the 2024 annual meeting would also not be valid. The board <sup>may</sup> be holding a special meeting to levy for the amount the township has already paid into the JPA for costs associated with the design of the fire hall.

Zoning: Dwayne Waldorf attended the June 10<sup>th</sup> meeting. The storage units (on CR 42) application had been tabled. However, this issue will now be heard at the June 24<sup>th</sup> meeting.

Committee Reports: Bill Krivanek attended an ALASR meeting last week. The installation of the new sewer system for Sandhill Lane/Terrace is getting close to wrapping up. The first lift of asphalt has not been applied as of this meeting.

*contacted Dwayne Waldorf*

Sandhill Terrace. Mr. Rasmussen ~~called the township~~ concerned about water in the ditch. There has been water in the ditch forever. ~~The township does not have any issue with him placing a culvert, however the township will not be paying for it.~~

ALASD: Dwayne Waldorf gave a report on costs for expansion of the facility. Chairman Meyers will begin weed inspections this week.

Any other old business: South Lake Miltona Sewer System. The clerk suggested a change in the document that will address the addition of a secondary tank to existing property owners. She will revise the document and send it over to Bill Krivanek. The board will address the ordinance amendment at the meeting to be held on June 26, 2025.

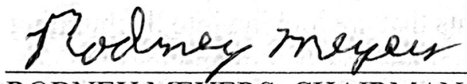

*w/ Precision Roadway.*  
Road Issues: Bryan Coons, a crack fill contractor, would like to ride along with Chairman Meyers to go over what the township is looking to have done. Dwayne Waldorf will contact the resident who had called inquiring about an area of South Lake Miltona Drive, in where the tar was removed, but not replaced. Bill Krivanek will check to see if the black dirt has been removed and placed in the slopes of Miltona Carlos Road.
